

ND 21CCLC DIRECTOR CAPACITY BUILDING SERIES

The ND 21CCLC Director Capacity Building Series is designed for new 21CCLC grantees, new 21CCLC directors, and 21CCLC programs designated as high-risk by ND Department of Public Instruction. The series will increase knowledge of best practices in the out-of-school time field, support integration into your day-to-day work, and allow collaboration with other 21CCLC directors to collectively support the success of programming through networking and shared learning experiences.
